EQUINITI
RISKFACTOR

Reduce risk and save money

EQ Riskfactor is used globally by commercial lenders to prevent fraud and improve efficiency. Our unique risk metrics analyse your portfolio and instantly highlight any unusual behaviour so that you can take action and investigate the highest risk accounts.

The technology improves efficiency across your business and greatly improves existing risk management processes saving you time and helping you to grow your portfolio.

EQ Riskfactor

“

EQ Riskfactor has worked in partnership with us and I think that is the greatest compliment that I can give to a supplier.”

Barclays

“

The return on investment of EQ Riskfactor is that we are sure that we have avoided some major fraud cases.”

KBC Commercial Finance

“

We took the decision to use EQ Riskfactor because it is a tried and tested system that we know works well. The implementation happened very smoothly, it was one of the few things we didn't have to worry about”

Secure Trust

“

EQ Riskfactor appears to be our missing link in relation to risk monitoring.”
